## Ben Reed

Vice President of Engineering

Mr. Reed currently serves as the VP, Engineering for IBX. IBX is an innovation and investment firm committed to advancing the state of humanity and human knowledge. We explore new frontiers in space, technology & energy to push human potential and make a positive impact in the world.

Prior to joining IBX, Mr. Reed worked at Goddard Space Flight Center for 22 years, the last 16 as civil servant. His final role was as the Chief of NASA's Exploration & In-Space Services Division. Prior to NEXIS, he was key servicing team member on the last three Hubble Servicing Missions.

Mr. Reed took a hiatus from NASA to serve as the Director Civil Space Policy for the National Space Council in 2018. Working from a whole-of-government perspective he managed a broad portfolio including – NASA, NSF, NOAA, DOS, DOI, DOE and others.

Throughout his career he has remained focused on enabling an era of more sustainable, affordable, and resilient spaceflight systems.
